

WOODBRIIDGE VALLEY POOL RULES

Members and guests must obey the instructions of the pool staff.

Children age 9 and under must be accompanied and supervised at all times by a responsible person who is at least 13 years old. Children of members, who are 10 through 12 years of age, can be admitted without an adult only if they have the written permission of their parent/guardian, and have passed the deep well test.

No glass containers of any kind are allowed on pool premises.

No eating or drinking is allowed at the edge of the pool.

Smoking is allowed on grassy areas only - not on concrete aprons, at the baby pool, or in the bathrooms.

Do not talk to the lifeguards when they are up in the chair.

Water guns are not allowed on pool premises at any time.

No running is allowed, except on the grassy area at the top of the hill. **No running off the diving board!**

Proper attire must be worn at all times. No street clothes in the pool.

Infants and children who are not toilet trained must wear approved swimming "pull-ups" while in the main pool in baby pool. It is the parent's responsibility to ensure that the pull-up is not soiled while the infant/child is in the pool. Cloth diapers and disposable diapers are prohibited as swimming attire.

No children over the age of 5 are allowed in the baby pool. Children may use the baby pool only when accompanied by an adult within the fenced baby pool area.

Life preservers, water wings, or any other swimming aids designed for young children who are learning to swim are permitted in the shallow (3 foot) end of the pool only, and only if the child is within arms reach of a supervising adult. Inflatable inner tubes or rings are not allowed in the main pool.

Flotation mats or rafts are permitted in the pool only during "Adult Swim," but not in the deep well. Kickboards are permitted for lap swimming in the lap lane only.

Diving is allowed only in the 12 foot deep area, the "deep well." Diving board rules are posted behind the board.

If you are 12 years old or younger, you must pass the "deep well test" before going off the diving board or swimming in the deep well. The test, given by a lifeguard, consists of swimming back and forth once across the deep end of the pool and treading water for one minute.

** If unfavorable weather conditions exist, the pool will be closed at the discretion of the manager on duty.

Disciplinary Action

Any individual who violates the pool rules may be asked to retire to a disciplinary area. This is known as "benching." This includes inappropriate behavior or language. With 2 such violations in one day, the individual may be asked to leave the pool premises for that day. Continued violations may result in suspension of pool privileges.
